**Tips for making you appointments/ Consejo para hacer una cita:**

+ Prenatal care is very important, so call as soon as possible. It may take a few weeks before you can be seen for your appointment.

El cuidado prenatal es muy importante, haga una cita lo mas pronto possible. Puede tomar semanas antes de procurar una cita.

+ When you call try to reach a live person rather than leave a message. If you leave a message and your call is not returned the next day, call back. Cuando llame asegure hablar con una persona en vez de dejar un mensaje.

Si no le devuelven la llamada el proximo dia, llame otra vez.

+ If you do not have insurance, tell the provider when you are making the appointment.

Si no tiene seguro medico, digale a la persona que le va a hacer la cita.
